Timeless Craftsmanship... Enduring Quality™

SOLID BRONZE HISTORICAL PLAQUES

YOUR HISTORICAL PROPERTY DESERVES THE PRESTIGE
AND PERMANENCE OF SOLID BRONZE.

Healy Plaques' talented artisans have been using the age-old techniques of bronze casting to produce plaques for the National Register of Historical Places for 30 years. Bronze is an amazingly durable alloy which withstands the elements better than almost any other metal resulting in a plaque that lasts for ages.

SOLID BRONZE STANDARD NATIONAL REGISTER PLAQUES (SNR)

Available in five sizes with the Official National Register wording and cast in solid bronze. If you wish to customize your plaque with a date, name or address, see our Customized National Register Plaques section below.

- Mounting screws included
