Re: Non Resident – Purchase of Cemetery Lots

Date: December 16, 2015

A request to purchase ___two___ cemetery lots has been received from
___Philip Drummond___.

He does not live in Hallowell but his family is buried in Hallowell cemetery and he would like to purchase two lots next to his parents. There are two available in this area.

As he does not live in Hallowell, the City Clerk is sending this request to the City Council for their consideration.

The Cemetery Trustees recommend selling two lots to Mr. Drummond as he has a direct interest in the cemetery because his parents and sister are buried there.
