Subject: Adoption-2016 Kennebec County Hazard Mitigation Plan

Enclosed is one copy on CD of the up-dated 2016 Kennebec County Hazard Mitigation Plan for your review.

Please look over the up-dated plan carefully. Make sure the map for your town is right as well as any town projects. Any changes that you need to have done, please let our office know immediately.

Our office phone number is 623-8407, please feel free to give the office a call with any questions you or other people may have about the Mitigation Plan review/up- date.

I am willing to meet and with any Selectperson Board or Councilors during a regular meeting of the Board or Council meeting to present the Plan. I would need to have five to ten minutes of time plus time to answer any questions the board or public may have about the Hazard Mitigation Plan rewrite/up—date.

Also find a Resolution Signature sheet, this signature adoption sheet is required for the National Flood Insurance as well as any future Hazard Mitigation Project Funding.

This is required of all 29 Municipalities within Kennebec County.

Thank you for your prompt attention on this matter.

Sincerely

A handwritten signature in cursive script that reads "Sean".
